Allegations on DRE Penetration by GOC Authorities

FYI

1. The following is a report submitted in late June by AMCLATTER-1. Due to its lack of details, an attempt was made to get further information and/or corroboration, but to no avail. The report dated Havana, 17 April 63, came through Angel Miguel ESTEVEZ ⁰⁵ Nunez, a recent arrival from Cuba who is affiliated with the Juventud Anticomunista Revolucionaria, a part of the GARCERAN Constitutional Thesis Movement. ESTEVEZ got the information from Hector "Fabian" ALFONSO, who is still in the Uruguayan Embassy in Havana and who claims to have received it from Julio GARCIA ⁰⁶ a former member of the DRE Supply Sector underground. The channel to ESTEVEZ from Cuba was said to be the Uruguayan diplomatic pouch.

2. The reports states that Ricardo "Oquendo" ALFONSO Villalva (small, thin, about 22 years old, wears side burns) who lives at Zapata between 14th and 16th (3rd floor), Havana is chief of the militia post at La Lisa. His wife's name is Elsa. "Oquendo" and another individual named "Mongo" destroyed the DRE underground by penetrating it for Cuban authorities.

3. JMWAVE traces on the above are as follows:

a. No record of Ricardo ALFONSO Villalva or his nom de guerre, "Oquendo".

b. No record of Julio GARCIA ⁰⁶

c. "Mongo" is the nom de guerre of Jorge MEDINA Bringuier. JMWAVE CI Branch is debriefing a confessed former collaborator with Cuban authorities who has also named "Mongo" as a G-2 agent.

d. Identifying information on Angel Miguel ESTEVEZ ⁰⁵ Nunez; DIRM N May 31, Pinar del Rio. Subject is currently of interest to CI Branch.
